

# Distinguished Indian Award

Since the arrival of Head Coach Kyle Hockman in 2008, the McEachern Indian Football Team has awarded a special ranking of senior football players. The Distinguished Indian Award (also known as the D.I.A.) is open to senior football players who show the unique ability to rise above that of a normal warrior. Award nominees are voted upon by the entire coaching staff, (in season) whenever one of our braves demonstrates his abilities. In order to be a D.I.A. member, one must be a player who never misses practice, someone who is a high achiever in the classroom. A D.I.A. member must be a positive citizen on campus, as well as a player who is leading his teammates with his actions on and off the football field. Finally, as a result of these qualities, these will cause the D.I.A. member to be demonstrating his abilities on the gridiron.
